### WEEKLY COURIER-JOURNAL TO BE MERGED INTO FARM AND FAMILY MONTHLY.

[COURIER-JOURNAL EDITORIAL,  
DEC. 17]

With the issue of the Weekly  
Courier-Journal of December 31,  
1913, that publication will be  
merged into a monthly paper, to

be called "Farm and Family,"  
the first number of which will ap-  
pear about the middle of Janu-  
ary. The day of the political  
weekly has passed, but there is,  
unquestionably, a demand in Ken-  
tucky, the South and the South-  
west for an up-to-date magazine  
embracing all matters of interest  
to the farm and the family. "Farm  
and Family" will be a publication  
devoted to agriculture, education,

good roads and the family, and it  
will cover these subjects as ably  
and completely as a modern or-  
ganization equipped with every  
means of gathering information  
and intelligently editing same can  
possibly do. Mechanically it will  
have every facility known to mod-  
ern invention. The editor will be  
Mr. James Speed, well and widely  
known in connection with the  
movement for betterment in agri-

cultural and educational circles in  
Kentucky and the South.  
Naturally this magazine will  
have those departments which are  
usually seen in rural magazines; but  
there will be others which have  
been generally overlooked. For  
instance, it will be the policy of  
"Farm and Family" to devote  
some space in each issue to the  
Rural School. There will be no  
effort to theorize or discuss the

school question from the teacher's  
viewpoint; but simply to learn  
where in the Southland there is a  
school that is really doing things  
that are of vital importance to the  
community and give the story to  
the readers.

The evolution of the Weekly  
Courier-Journal into "Farm and  
Family" is in accord with the pro-  
gressive development of the times.  
Twenty years ago the farmer de-  
pended on his weekly edition of  
the city daily for the news of the  
world. But to-day he is not con-  
tent to wait a week for his news  
of the world any more than his  
easy-going neighbors, recorded by  
Josh Billings, is content to sit and  
wait for the cow to back up to be  
milked. Better roads, better trans-  
portation facilities, rural free de-  
livery, to say nothing of other  
conditions which are revolutioniz-  
ing country life, have changed  
all that. The modern farmer is  
fast coming to demand his daily  
newspaper, and the rapid extension  
and improvement of the postal  
service have made it possible to  
justify that demand. Having his  
daily newspaper he no longer  
needs a political weekly, but he  
does need a medium of informa-  
tion and stimulation, more special-  
ized than his daily can give him,  
within the lines of his own voca-  
tion and environment, thru which  
he may keep abreast with all that  
intelligent effort is doing in im-  
proving agricultural methods and  
results and bettering the social  
conditions of rural life. He does  
need a medium through which he  
learns all that is to be learned for

the promotion of good farming,  
good roads, good schools and cen-  
tent homes. Such a medium  
"Farm and Family" proposes to  
be.

It seems that the time is ripe  
and ready for the launching of a  
magazine which will give to the  
farmer, his wife and his children  
a new idea of the education which  
goes beyond the school out into  
everyday life and makes it amply  
worth while.

"Farm and Family" will be pub-  
lished by the Louisville Courier-  
Journal Company, in its modern  
printing plant at Third and Green  
streets, Louisville, Ky. The ini-  
tial number will contain 24 or more  
quarto pages, and the price will be  
25 cents a year.

To fill out the unexpired sub-  
scriptions of present paid-in ad-  
vance Weekly readers, the Satur-  
day issue of the Daily Courier-  
Journal will be sent, in addition to  
"Farm and Family."

Stomach, liver and kidney

Electric Bitters are used. Thou-  
sands of women would not be with-

Pool of Depew, Okla. writes:  
"Electric Bitters raised me from a  
bed of sickness and suffering and  
has done me a world of good. I  
wish every suffering woman could  
find out as I did, just how good it  
is." As it has helped thousands  
of others, it surely will do the  
same for you. Every bottle guar-

KENTUCKY PRESS ASSOCIATION

SOME of our country exchanges seem to think it their province to keep constantly before the public the fact that their paper is the organ of some particular party and thru their editorials and leads eternally attempting to drill it into the heads of their readers that all the honest and good men belong to their particular party and the dishonest and riff raff belong to the opposition. Now what good can such stuff do the people? It makes no friends or votes but engenders and promotes antagonisms and ill feelings among many friends and neighbors. While it is essential and necessary for two parties to exist, there is no need of indiscriminate abuse slurs and slings at the opposition. There are honest men in both the political parties and a man is no better by being identified with either, though the party may be benefitted by his membership. It is he a true upright citizen; but the matter printed by some of the exchanges would lead its readers to believe otherwise, provided said matter was worthy of belief. One often sees such squibs as this in newspaper columns: "Uncle Billy Thickhead of Lonesome Pine was in town Monday. Uncle Billy is 80 years old and is yet lively as a cricket. He is a true blue, dyed in the wool—and never scratched a ticket in his life."

Then Uncle Billy must have voted for many "yellow dogs" during his long life. One must indeed feel sorry for the prejudice and ignorance bound up in such a man. Why always this flouting into the faces of your neighbors, the fact that you are a Republican or a Democrat? Does it do any good? Does it make everybody feel better? There's really mighty little politics in the country. Politics is a scientific school with many matriculated students but mighty few graduates and the one word covers a large portion of the minds of all; that word is "prejudice." If that hateful word could be eliminated much better feeling would prevail throughout our country. Much be done toward it if the exchanges mentioned would work toward that much desired condition by doing a lot of "eliminating" from their columns much of strife stirring articles which is not politics at all, but simply gush and rot and only serves the purpose of keeping up the spirits and prejudice of the "boys in the trenches" who are simply used as tools to push some office seeker into a position where he soon forgets the pushers (voters).

Why not cut out so much playing at politics? Give more space to schools, churches, farming stock raising, good roads and the pushing of Boone way. "On to Cumberland Gap."

In many parts of the country a cloud of gloom is spread over the Christmas holiday season because of the large number of people who are murdered or wounded. Many people seem to think that Christmas is for the purpose of drinking whisky, carrying pistols or shooting or murdering somebody. A careful study and observation convinces one that these shootings are brought about by the two causes. The first cause is drinking; many people who, during the other months of the year seldom touch whisky, feel at liberty, in fact, think it a necessity to drink and make fools of themselves during the Christmas holidays.

These shootings and killings are brought about, in the second place, by the senseless and useless habit of carrying pistols on one's body for the mistaken purpose of self-defense or protection. It gets one into trouble in nine cases where it keeps one out of

trouble in one case. Cut out the whisky and pistols and there would be less trouble and some satisfaction in the land.

THE Christmas edition of the Barbourville Mountain Advocate is a splendid issue which Knox county citizens should feel proud of. It is chock full of good things and we can find but one oversight made by its manager—no word about Boone Way appeared in its columns the thing now set the hearts of Rockcastle citizens.

The Lancaster Record has a new office, new press and outfit and is sending out a bigger better paper which has always been a good one.

A dispatch from Washington says Representative Caleb Powers, of Kentucky, introduced a bill which appropriates \$3,000 for a government survey looking toward the construction of a macadamized road from Crab Orchard to Cumberland Gap, to be called "The Boone Way."

If Caleb Powers will just keep his nose out of the Boone Way, the people particularly interested in the construction of the road will be much obliged. Every move he makes hurts the cause and his messing with the measure will be a kindrance to senators James and Bradley in getting such an appropriation. Powers can't get anything in Washington and it looks like he would have enough sense to know it.

McAlister, N. M., 12 16 13  
Mr. E. S. Albright,  
Mt. Vernon, Ky.  
Dear Sir:

As the year is drawing to a close, the time of general settlement is here I will send you a long green to keep the Signal coming another year for I could not get along without it. I think it is like good whisky, grows better with age.

Our largest snow is falling to day. It has been a warm wet fall and no winter so far. We never have experienced so much rain here in the fall since this country has been settled.

There seems to be a change coming all around in this country. We are beginning to learn now to farm this vast domain of prairie table land, which have laid idle here for hundreds of years, only furnishing grazing for buffaloes in the earlier days, and for cattle and sheep in these latter days.

In 1906 the Santa Fe R. R. built a new road thru this cattle men's paradise and with it came the home seekers in large numbers and almost from every state and as would be natural almost all of them tried farming on the ranch plan. They had followed (back home) and with a few dry years there were a great many failures and a great many got discouraged as has been the case in all new settled countries and hit the hike back East. But there are those who have staid with their claims and by experimenting and trying out plans suggested by our experiment stations are raising fair crops with as small a rain fall as we had in first few years when crows wepe a failure.

Now the second bunch of home seekers are coming in buying up the land those others left behind and they are getting larger bodies together and putting in silos and adopting the cow as their partner and the hen as a good assistant. Every thing looks more favorable for Eastern New Mexico than it ever has before.

I can not close without wishing your Boone Way Boosters success, sorry "Jim" got a black eye in November, but if he is successful with Boone Way that will be glory enough to overcome all the disappointments in other ways. But don't crowd old Cull out entirely, give him a show.

CROUP AND COUGH REMEDY

Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain, of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved a what certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup, coughs, and colds." So can you. 50c. and \$1.00 A bottle should be in every home. At all Druggists. H. E. Bucklen & Co., Phil. St. L.

Mrs. Wilson of Nashville, Tenn., is famed the world over for her wonderfully delicious cakes. They are shipped to all parts of the Globe for special affairs where the best of Cakes are demanded.

This year, as in former years, Mrs. Wilson enjoys the distinction of making the President's Christmas Cake, using Calumet Baking Powder.

Mrs. Wilson's Baking Motto is: "To have complete success with no failures, care should be used in selection of Baking Powder."

**CALUMET  
BAKING POWDER**

Some little time ago I made a careful study and investigation of the baking powder subject and I feel fully repaid. I am firmly convinced from the results I have received that there is no baking powder to equal Calumet for wholesomeness and economy, and I also recommend Calumet Baking Powder for its never failing results.

December 9, 1913. Mrs. Betty Lyler Wilson.

Calumet also received the Highest Awards at the World's Pure Food Exposition, Chicago and Paris, France, 1912.

Buy a can of Calumet Baking Powder at once, and use it in your Holiday Baking, making your Christmas Cakes as good as the President's.

Was life what the German pessimists called it—a sort of trap; a blind alley we found ourselves, an endless, vicious circle of coming into existence with risk and anguish to our mothers and going out if not in a second anguish then at best, in a lethal lethargy that lets us forget the evils we had done as we fall asleep.

THE WATER WAGON: Down in the rathskellers, in the gilded parlors of high-class restaurants, on the roof gardens of pleasure-dom—all over the world—burdies of the best classes of intelligent, respected men and women are daily and nightly enjoying, and good fellowship, all of the best to be had in eating or drinking. Occasionally one of these merry-makers finds that he or she is going to excess. Then good resolutions are put in force. The will power is called into action, and the "water wagon" stops for them.

They climb on the good old roud wagon, and for a while the ride is easy. Bye and bye it begins to get away from the smooth street onto the turnpike and then to the hill-climbing. The worn, slippery seats are hard to hold on to. A little sand is put on, and they hold for a time longer, but eventually a little rough place in the road tips the good old wagon a little too far, and off they slide.

The wagon goes on, and the passenger has to "hoof it." He again gets thirsty. He takes "just one drink," then all resistance is gone, and back he goes to the old habit.

The Editor of the Burlington Junction Post goes on record as follows:

"At this writing we have no desire to leave this vale of tears or hurl ourselves upon Abaham's bosom, but if we should desire to do so we wouldn't lean up against a loaded gun and then pull the trigger, as many do. Neither would we eat a solid meal of rough on rats, blow out the gas, drink concentrated lye, sit down in the lap of a buzzsaw, smoke cigarettes, or call a Kentuckian either a liar or a poor judge of whisky. We would simply get out an edition of our paper in which we would strive to the best of our ability to print the plain, square food such as we understand it, and then calmly await the end."

It's about as difficult to describe these new clothes as to write about the prettiest girl at a Leap Year Party. You've got to see her with your own eyes. Maybe you'll like her—if you don't there are others. So, if one suit doesn't please you, we've another. It's a question of taste. Prices? That lies with you. The better the clothes you buy, the longer they last and the better they look while you're wearing them. But everyone prefers ours. They are best.

Smallpox reported on Piney Branch.

Good warm gloves for the whole family at Fish's.

The town levy has been placed at the same figure as last year, 50 cents per \$1. and one dollar for poll.

The open season has been discouraging to local coal miners. It is difficult to sell all their product.

We are informed that the bootleggers are doing a land office business on the East side of the county.

The new county officers-elect are getting every thing in readiness to take charge, one week from yesterday.

NOTICE:—To all who owe me, please call and settle, as I want to balance my books for 1913.

Frank Halcomb sold his property in the Sparks & Davis addition to Harve Bowman. Mr. Halcomb will move on a farm near Pine Hill.

J. Fish, the senior member of the well known firm of J. Fish & Son has been on the sick list a few days but is able to be out again.

RICHARDSON-CARR:—Mr. Tom Carr, a lumberman of Ford, Ky., and Mrs. Ann Richardson, of Paint Lick, oldest daughter, of Mr. and Mrs. A. W. Stewart were married at Winchester last Thursday.

Bill McKenzie, a son of Allen McKenzie, of the Wildie section, while attempting to alight from a fast freight train near Conway, a few days since fell under the train and one foot was cut off. He is getting along very nicely.

The North Carolina Good Roads Association is using and sending out stamps for use as stickers on envelopes and stationary, on which is printed: "Better roads in N. C. Lend a hand. Better farms. Better homes. Better business."

The Directors of the Bank of Mt. Vernon, at the regular meeting held Saturday bought of Judge R. G. Williams his one-half interest in the building where the bank has been located all these years. If this building is made the permanent home, many improvements will be made, including up-to-date furniture.

FINE JACK:—Millard J. Bethurum bought of W. C. Wells, of Kirklint, Ind., a fine thorobred Jack, which was shipped in by express last week. This jack is 15 hands, weighs 1000 pounds, heavy build, good bone and muscle, long ears, well made body and fine head and neck. The color is iron gray. This jack will make the season of 1914 in Rockcastle and we are indeed glad Mr. Bethurum has decided to bring such a fine animal to this county.

Telephone rates in Rockcastle are lower than anywhere in the state and the local company having merged with the various system and adding improvements make it imperative that rates will have to be raised same as to equalize expenses and income. On Jan. 1st the exchange rates at Livingston, Mt. Vernon and Brodhead will be \$1.25 residence and \$.25 for business houses and offices. Rates on country phones probably be \$1.25 except at toll stations etc.

Ab Ballinger was shot at a box supper at Johnetta, Saturday night. As to who did the shooting is a question, yet Dave Clark and Bogue Laswell are held, charged with the shooting. They will have their examining trial today. There were a number of shots exchanged, yet from the reports given us there seems to be but little evidence if any, that Bogue Laswell did the shooting, as he had a shotgun and Ballinger was shot with a pistol. As to Clark, we are informed that he did not even fire a shot of any kind, but instead was in the house helping arrange the boxes, at the time Ballinger was supposed to have been shot. Since the shooting was done in the dark and there were more than one or two shooting, it is doubtful if it will ever be known who did fire the shots which struck Ballinger. Clark and Laswell came into town Monday and surrendered, and gave bond for their appearance today. Ballinger who is in the hospital at Richmond is said to be getting along very nicely, although he was shot twice through the abdomen.

Big bargains in Overcoats at Fish's, today.

The subject of a tanning factory for Mt. Vernon should be pushed.

Pocket electric flash lights are much in evidence here. Most every-body has one or are talking of buying.

FOR RENT:—Jan. 1st my concrete store room on West Main.

G. T. JOHNSON,

Dec. 19-31. Mt. Vernon

The Mt. Vernon Lime Co. will shortly put their new kiln in commission; the walls of which has been built some years, but never used.

"Co operation," the motto of our Commercial Club means much and much has already been accomplished by putting into effect the meaning of the word.

"J. M." asks us to thank Judge S. D. Lewis, Mrs. Gus Staverson and Mrs. Mat Lawrence for "a hog killing time" on sausage, liver melis, backbones, spare ribs, souse and head cheese, presented by these good folks. Yum Yum.

One man came all the way from Mayfield the other day "just to see Arlington," as he expressed it, "because he had heard so much about it." Let us continue to make noise enough that others will come and stay with us.—Arlington Courier.

Since the organization of our Commercial Club, Mt. Vernon is being much heard of and it is remarkable that her people are "a live bunch."

A few weeks ago we published a list of prizes offered the school children through the county, by the Woman's Club of Mt. Vernon. Having decided to make a slight change in the list it now consists of the following:

Best set of six maps, including political division and principal cities. This set is limited to 7th and 8th grades, \$1.00; Best essay not less than 300 words and not more than 500. Boys are to write on the subject "Good Roads" and girls on the subject "Girls Caning Club," 50 cents; Best product map of U. S., 50c; Best map of Kentucky, including outline of counties and County Seats. This is limited to the 5th and 6th grade, 50c; Best set of letters, business and social, one each, 50c; Best six button holes, 50c; Best hand made garment, showing sewing, felling hemming and overcasting, \$1.00; Best hand made household article (wood) 50c.

We publish two days early this week in order that the office force may have a few days well earned rest. Beginning next Monday we expect to enter our work for next year with renewed interest and efforts to give the people the best of every thing in our line. At this time we wish to express our thanks to those who have given us your patronage and respectfully ask a continuance for the year of 1914, which we hope to make better than the good year 1913.

We hope to hear from our correspondents regularly each week, with a good newsy letter.

There are people who want to hear from every locality in the county each week, and in order to give this news thru the columns of the Signal we must depend upon our correspondents to furnish the greater part of the news.

To one and all, we wish you a Merry Xmas and Happy New Year.

THE EDITOR.

"We Stand By What You Buy."

### William F. Linton, proprietor of

a saloon at 1332 West Broadway, narrowly escaped death late Friday night, when he was fired upon by a negro after the latter had held him up and demanded the money in the cash drawer. The negro entered the saloon at 10:30 o'clock when a number of men were present, and bought a bottle of whiskey. He remarked that he was almost frozen, having just gotten off a train from Nashville.

An hour later the negro returned and asked that the bottle be refilled. As the proprietor turned the negro leveled a revolver at him and demanded that he throw up his hands and give him access to the cash drawer. In reply Linton hurled the bottle at the negro. It struck him squarely between the eyes, recovering his balance the negro fired point blank at Linton's head, but the ball went wild and struck a large plate mirror, shattering it.

As Linton emerged from behind the bar, after obtaining his own weapon, the negro escaped. The police were given his description Sunday's Courier-Journal.

Mr. Linton is a brother-in-law of R. A. Welch of this place, and was a citizen of Mt. Vernon some 27 years ago and ran a barber shop. Later he moved to Louisville and was with the Louisville Tin and Stove Company some years. He has grown wealthy in the Falls City.

CALIFORNIA WOMEN SERIOUSLY ALARMED

"A short time ago I contracted severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Cal. Sold by all dealers.

### BOONE WAY OPERA HOUSE.

The lower story of brick building being erected by Fritz Krueger on Main St. at railroad crossing will be called by the above name and used by our local man Geo. Owens as a moving picture theater. The front and interior is being finished up in a manner suitable for that and theatrical performances.

With Hotel Booneway, the Sutton & McBoe building, the Miller building, the Boone Way Opera house, all within past eighteen months indicate that Mt. Vernon is "sure going some." The new house will prove quite an addition to our town and the proprietors propose to have a first class show place to be run every night in the week except Sunday and will be run days on special occasions.

For years moving pictures have been growing into the life and affections of childhood, manhood and womanhood in America. The wonderful pictures have been the marvel and delight of young eyes and old. They have fascinated, entertained and educated millions of people, as nothing has ever done it before.

The whole world lives and breathes on the film, and the whole world is thrilled and amazed by what is seen. The child who has never been ten blocks from home, now sees the elephant in his native jungle, the Japanese dragging his rickshaw, or the King of England chatting with the Czar of all the Russias.

The marvelous Photo Plays bring the greatest artists to delight those who desire to spend an evening of real pleasure for five or ten cents. All this right here at home.

## COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.
